

INTEL CORPORATION
SOFTWARE AND DEVELOPMENT TOOLS LICENSE AGREEMENT

DO NOT DOWNLOAD, INSTALL, ACCESS, COPY, OR USE ANY PORTION OF THE SOFTWARE UNTIL YOU HAVE READ AND ACCEPTED THE TERMS AND CONDITIONS OF THIS AGREEMENT. BY INSTALLING, COPYING, ACCESSING, IMPLEMENTING OR USING THE SOFTWARE, YOU AGREE TO BE LEGALLY BOUND BY THE TERMS AND CONDITIONS OF THIS AGREEMENT. If You do not agree to be bound by, or the entity for whose benefit You act has not authorized You to accept, these terms and conditions, do not install, access, copy, or use the Software and destroy all copies of the Software in Your possession.

This SOFTWARE LICENSE AGREEMENT (this "Agreement") is entered into between Intel Corporation, a Delaware corporation ("Intel") and You. "You" refers to you or your employer or other entity for whose benefit you act, as applicable. If you are agreeing to the terms and conditions of this Agreement on behalf of a company or other legal entity, you represent and warrant that you have the legal authority to bind that legal entity to the Agreement, in which case, "You" or "Your" shall be in reference to such entity. Intel and You are referred to herein individually as a "Party" or, together, as the "Parties".

The Parties, in consideration of the mutual covenants contained in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which they acknowledge, and intending to be legally bound, agree as follows:

1. **PURPOSE.** Intel provides the Software and Development Tools to You, under the terms of this Agreement solely for Your efforts to develop and distribute Your products in or with an associated Intel architecture processor and Intel platform for which the Software was designed, and for incorporation of the Intel hardware and Intel software as an integral part of Your Product that executes natively on the Intel platform. "Software" refers to certain software or other collateral, including, but not limited to, related components, operating system, application program interfaces, device drivers, associated media, printed or electronic documentation and any updates, upgrades or releases thereto associated with Intel product(s), software or service(s). "Intel-based product" refers to a device that includes, incorporates, or implements Intel product(s), software or service(s), and "Development Tools" refers to the development, evaluation, production, or test tool software, and associated documentation or other collateral, if any as may be provided or otherwise made available by Intel. Intel's standard terms and conditions of sale will apply to any sale of Intel hardware.

2. **LIMITED LICENSE.** Subject to Your compliance with the terms and conditions of this Agreement, and solely for the purposes stated in Section 1, Intel hereby grants to You a limited, personal, nonexclusive, nontransferable, revocable, worldwide, fully paid-up license, without the right to sublicense, during the term of this Agreement, under Intel's copyrights and subject to any third party licensing requirements, to: (i) internally prepare derivative works (as defined in 17 U.S.C. § 101) of the Software provided or otherwise made available by Intel in source code form only ("Derivatives"), and internally reproduce and use the Software, including Derivatives, in each case only for Your own internal evaluation, testing, validation, and development of Intel-based products and any associated maintenance thereof; (ii) reproduce, display, and publicly perform an object code representation of the Software, including Your Derivatives, in each case only when integrated with and executed by an Intel-based product; (iii) distribute an object code representation of the Software provided by Intel solely in its entirety, or of any Derivatives created by You, solely as embedded in or for execution on an Intel-based product, and if to an end user, pursuant to a license agreement with terms and conditions at least as restrictive as those contained in the Intel End User Software License Agreement in Appendix A hereto; (iv) internally reproduce the source code of the Development Tools, if provided to You by Intel, and to internally create and reproduce Derivatives of the Development Tools, and to internally reproduce the binary code of the Development Tools, or any Derivatives created by You, in each case solely for the purpose of designing, developing, manufacturing and testing an Intel-based product, solely as necessary for the integration of any Intel software and the output generated by the Development Tools, with and into Intel-based products; and (v) distribute (without the right of further distribution) the Development Tools, including any accompanying documentation, to your customers, in the code format provided to You by Intel, solely for designing, developing, manufacturing and testing Intel-based products solely as necessary for the integration of any Intel Software and the output generated by the Development Tools, with and into Intel-based products, but only under a written agreement between You and Your customers that is at least as restrictive as those terms contained in this Agreement and subject to the third party licensing requirements. You will be fully responsible and liable for Your end users and customers compliance with all confidentiality obligations and license restrictions.

If You are not the final manufacturer or vendor of an Intel-based product incorporating or designed to incorporate the Software, You may transfer a copy of the Software, including any Derivatives (and related end user documentation) created by You, as well as the Development Tools including any Derivatives of such Development Tools, to Your Original Equipment Manufacturer (OEM), Original Device Manufacturer (ODM), distributors, or system integration partners ("Your Partner") for use in accordance with the terms and conditions of this Agreement, provided Your Partner agrees to be fully bound by the terms herein, including all third party licensing requirements, and provided further that You remain fully responsible and liable for the actions and inactions of Your Partner(s).

3. **LICENSE RESTRICTIONS.** All right, title and interest in and to the Software, Development Tools and associated documentation are and will remain the exclusive property of Intel and its licensors or suppliers. Except as expressly permitted under the limited license in Section 2, You will not, and will not allow any third party to: (i) use, copy, distribute, sell or offer to sell the Software, Development Tools or associated documentation; (ii) modify, adapt, enhance, disassemble, decompile, reverse engineer, change or create derivative works of the Software or Development Tools except and only to the extent as specifically required by mandatory applicable laws or any applicable third party license terms accompanying the Software or Development Tools; (iii) use or make the Software or Development Tools available for the use or benefit of third parties; or (iv) use the Software or Development Tools on Your products other than those that include the Intel hardware product(s), platform(s), or software identified in the Software or Development Tools; or (v) publish or provide any Software or Development Tools benchmark or comparison test results. End Users shall have no right to further copy, reproduce or distribute the Software whether through redistribution of Your Products or otherwise. This Agreement and the licenses granted hereunder are not intended to and do not extend the scope of any other license or right in or to any other Intel hardware or Intel software that You may have or receive, even if such other Intel hardware or Intel software is used in or with the Software or Development Tools associated with this Agreement. You acknowledge that there are significant uses of the Software and Development Tools in its original, unmodified and uncombined form. You acknowledge that an essential basis of the bargain in this Agreement is that Intel grants You no licenses or other rights including, but not limited to, patent, copyright, trade secret, trademark, trade name, service mark or other intellectual property licenses or rights with respect to the Software, Development Tools and associated documentation, by implication, estoppel or otherwise, except for the licenses expressly granted above. You may not remove any copyright notices from the Software or Development Tools.

4. **NO OTHER LICENSES.** INTEL GRANTS YOU NO OTHER LICENSE, EXPRESS OR IMPLIED, BY ESTOPPEL OR OTHERWISE, TO ANY OTHER INTELLECTUAL PROPERTY RIGHTS. Intel will have the right to inspect or have an independent auditor inspect Your relevant records to verify Your compliance with the terms and conditions of this Agreement.

5. **FEEDBACK.** This Agreement does NOT obligate You to provide Intel with materials, information, comments, suggestions, Your Derivatives or other communication regarding the features, functions, performance, modifications, corrections, improvements, enhancements or use of the Software or the Development Tools ("Feedback"). If You provide Intel with Feedback, You grant to Intel and its affiliates a non-exclusive, perpetual, sublicenseable, irrevocable, worldwide, royalty-free, fully paid-up and transferable license, to and under all of Your intellectual property rights, whether perfected or not, to use and disclose the Feedback in any manner Intel chooses and to publicly perform, publicly display, reproduce, use, make, have made, sell, offer for sale, distribute, import, create derivative works of and otherwise exploit Intel's products embodying the Feedback.

6. **OPEN SOURCE STATEMENT.** The Software or Development Tools may contain Open Source Software (OSS). Use of the OSS portions of the Software or Development Tools are licensed under and governed by the applicable OSS license agreement(s) identified in the OSS comments in the applicable source code file(s) or file header(s) provided with or otherwise associated with the Software or Development Tools. The Intel License grants in section 2 do not apply to OSS. Neither You nor any OEM, ODM, customer, end user, or distributor may incorporate any Open Source Software into non-Open Source Software portions of the Software or Development Tools, or otherwise take any action that would cause any proprietary portion of the Software or Development Tools to be subject to any OSS license obligations associated with the OSS including, without limitation, combining or distributing the Software or Development Tools with OSS in a manner that subjects Intel, the Software, the Development Tools or any portion thereof to any OSS license obligation. Nothing in this Agreement limits any rights under, or grants rights that supersede, the terms of any applicable OSS license.

7. **THIRD PARTY SOFTWARE.** You acknowledge that certain third party software provided with or within the Software or Development Tools may only be used (a) upon securing a commercial license directly from the owner of the software, or (b) in combination with silicon or hardware components purchased from such third party, and (c) subject to further license limitations and restrictions by the third party software owner. A listing of any such third party limitations is in one or more text files accompanying the Software or Development Tools. You acknowledge Intel is not providing You with a license to such third party software and further that it is Your responsibility to obtain appropriate licenses from such third parties directly.

MEDIA FORMAT CODECS AND DIGITAL RIGHTS MANAGEMENT. You acknowledge and agree that use of the Software or distribution thereof with Your products as permitted by this license may require You to procure license(s) from one or more third parties that may hold intellectual property rights applicable to the media format transcoding and/or digital rights management capabilities of the Software, if any.

The Software may contain certain software or codec technology that is owned and exclusively licensed for commercial use and distribution by Microsoft Corporation. This Microsoft software or codec technology, if provided within or for use with the Software, may not be used or further distributed without a license from Microsoft Corporation or a Microsoft Corporation affiliate.

The third party software identified by the designation 'Widevine' ("Widevine Software") is proprietary to Google, Inc. ("Google") and, if provided to Licensee by Intel, is licensed by Intel pursuant to the limited license above (excluding any license to modify or create derivative works of the Widevine Software), provided and only to the extent Licensee is and remains a Google Widevine licensee in good standing (and subject to Licensee establishing to Intel's satisfaction that Licensee is and remains a Google Widevine licensee in good standing), and further subject to the following additional conditions: (i) Licensee is not authorized under this Agreement to distribute the Widevine Software in any manner, and may only distribute the Widevine Software to the extent it is authorized to do so in its license agreement with Google for the Widevine Software ("Widevine License"); (ii) Licensee is receiving the Widevine Software integrated with the Software under the provisions of this Agreement and Licensee's Widevine License; (iii) all liability for damages and warranties and other obligations arising in connection with the Widevine Software are expressly disclaimed on behalf of Google; (iv) Licensee may not remove, modify, translate, enhance, decompile, disassemble, reverse engineer (or otherwise attempt to derive source code), or create a derivative work of the Widevine Software, in whole or in part; (v) Licensee may not permit any security interest, lien, or other encumbrance to be created in the Widevine Software; (vi) Licensee must comply with the robustness requirements contained in its Widevine License; and (vii) Intel may notify Google that Intel distributes or has distributed Widevine Software to Licensee, and further may deliver to Google contact information for Licensee's technical and business contracts.

8. **CONFIDENTIALITY.** The terms and conditions of this Agreement, exchanged confidential information, as well as the Software and Development Tools are subject to the terms and conditions of the Non-Disclosure Agreement(s) or Intel Pre-Release Loan Agreement(s) (referred to herein collectively or individually as "NDA") entered into by and in force between Intel and You, and in any case no less protection than You apply to Your confidential information of a similar nature. If a contractor will perform work on Your behalf that requires any access to or use of Software or Development Tools, You must obtain a written confidentiality agreement from the contractor which contains terms and conditions no less restrictive than those set forth in this Agreement, excluding any distribution rights and use for any other purpose, and You will remain fully liable to Intel for the actions and inactions of those contractors. You will not disclose the terms or existence of this Agreement or use Intel's name in any publications, advertisements, or other announcements without Intel's prior written consent. You do not have any rights to use any Intel trademarks or logos.

9. **NO OBLIGATION; NO AGENCY.** Intel may make changes to the Software or the Development Tools, or items referenced therein, at any time without notice. Intel has no obligation to support, update, provide training for, or develop any further version of the Software or the Development Tools or to grant any license thereto. You will be solely responsible to its End Users for any updates, upgrades or support of the Software. No agency, franchise, partnership, joint-venture, or employee-employer relationship is intended or created by this Agreement.

10. **EXCLUSION OF WARRANTIES.** THE SOFTWARE AND THE DEVELOPMENT TOOLS ARE PROVIDED "AS IS" WITHOUT ANY EXPRESS OR IMPLIED WARRANTY OF ANY KIND. INTEL AND ITS SUPPLIERS MAKE NO WARRANTIES WITH RESPECT TO THE SOFTWARE AND THE DEVELOPMENT TOOLS, EITHER EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR ANY IMPLIED WARRANTY OF NONINFRINGEMENT. INTEL DOES NOT WARRANT OR ASSUME ANY RESPONSIBILITY FOR YOUR IMPLEMENTATION OF THE SOFTWARE OR DEVELOPMENT TOOLS, OR ANY INABILITY TO DEVELOP, MANUFACTURE, SELL OR OTHERWISE DISPOSE OF YOUR PRODUCTS UTILIZING THE SOFTWARE OR DEVELOPMENT TOOLS. Intel does not warrant or assume responsibility for the accuracy or completeness of any information, text, graphics, links or other items within the Software or the Development Tools.

11. **LIMITATION OF LIABILITY.** IN NO EVENT WILL INTEL OR ITS AFFILIATES, LICENSORS OR SUPPLIERS (INCLUDING THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES, AND AGENTS) BE LIABLE FOR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, PROPERTY DAMAGE,

PERSONAL INJURY, LOST PROFITS, BUSINESS INTERRUPTION, OR LOST DATA, OR ANY SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES) HOWEVER CAUSED, WHETHER FOR BREACH OF WARRANTY, CONTRACT, STRICT LIABILITY OR OTHERWISE. INTEL AND ITS SUPPLIERS DISCLAIM ALL LIABILITY, INCLUDING LIABILITY FOR INFRINGEMENT OF ANY INTELLECTUAL PROPERTY RIGHTS RELATING TO THE USE OR INABILITY TO USE THE SOFTWARE OR THE DEVELOPMENT TOOLS. THIS SECTION 10 DOES NOT ELIMINATE ANY LIABILITY EXPRESSLY UNDERTAKEN IN A SUPPORT AGREEMENT. THE SOFTWARE AND THE DEVELOPMENT TOOLS LICENSED HEREUNDER ARE NOT DESIGNED OR INTENDED FOR USE IN ANY MEDICAL, LIFE SAVING OR LIFE SUSTAINING SYSTEMS, TRANSPORTATION SYSTEMS, NUCLEAR SYSTEMS, OR FOR ANY OTHER MISSION CRITICAL APPLICATION IN WHICH THE FAILURE OF THE SOFTWARE OR THE DEVELOPMENT TOOLS COULD LEAD TO PERSONAL INJURY OR DEATH. YOU ACKNOWLEDGE INTEL WOULD BE UNABLE TO PROVIDE THE SOFTWARE OR THE DEVELOPMENT TOOLS WITHOUT SUCH LIMITATIONS. YOU WILL INDEMNIFY AND HOLD INTEL AND ITS AFFILIATES, LICENSORS AND SUPPLIERS (INCLUDING THEIR RESPECTIVE DIRECTORS, OFFICERS, EMPLOYEES, AND AGENTS) HARMLESS AGAINST ALL CLAIMS, LIABILITIES, LOSSES, COSTS, DAMAGES, AND EXPENSES (INCLUDING REASONABLE ATTORNEY FEES), ARISING OUT OF, DIRECTLY OR INDIRECTLY, THE DISTRIBUTION OF THE SOFTWARE OR THE DEVELOPMENT TOOLS AND ANY CLAIM OF PRODUCT LIABILITY, PERSONAL INJURY OR DEATH ASSOCIATED WITH ANY UNINTENDED USE, EVEN IF SUCH CLAIM ALLEGES THAT INTEL OR AN INTEL AFFILIATE, LICENSOR OR SUPPLIER WAS NEGLIGENT REGARDING THE DESIGN OR MANUFACTURE OF THE SOFTWARE OR THE DEVELOPMENT TOOLS. THE LIMITED REMEDIES, WARRANTY DISCLAIMER AND LIMITED LIABILITY ARE FUNDAMENTAL ELEMENTS OF THE BASIS OF THE BARGAIN BETWEEN INTEL AND YOU. INTEL WOULD NOT BE ABLE TO PROVIDE THE SOFTWARE OR DEVELOPMENT TOOLS WITHOUT SUCH LIMITATIONS.

12. PRERELEASE. The Software may contain pre-release features, which may not be fully functional, which Intel may substantially modify in producing any production version of the Software and/or is still under development by Intel and/or Intel's suppliers. The Software may not contain all features slated for development in a production version of the Software, may not be fully tested and may contain bugs or errors. The Software may not be suitable for commercial release in its current state. Regulatory approvals for the Software (such as UL or FCC) may not have been obtained, and the Software may not be certified for use in certain countries or environments. Intel can provide no assurance that it will ever produce or make generally available a production version of the Software. Intel is not under any obligation to develop and/or release or offer for sale or license a final product based upon the Software and may unilaterally elect to abandon the Software or any such development platform at any time and without any obligation or liability whatsoever.

13. TERMINATION AND SURVIVAL. Intel may terminate this Agreement for any reason upon thirty (30) days' notice to You. Intel may terminate this Agreement immediately if You or someone acting on Your behalf or at Your behest violates any of its terms or conditions. Upon termination, You will immediately destroy and ensure the destruction of the Software and the Development Tools or return all copies of the Software or Development Tools to Intel (including providing certification of such destruction or return back to Intel). Upon termination of this Agreement, all licenses granted to You hereunder terminate immediately. All Sections of this Agreement, except Section 2, will survive termination.

14. GOVERNING LAW AND JURISDICTION. Any claims arising under or relating to this Agreement will be governed by the substantive laws of the State of Delaware or federal courts located in Delaware, without regard to principles of conflict of laws. Each party agrees to jurisdiction and venue in the courts of the State of Delaware for all disputes and litigation arising under or relating to this Agreement. The parties agree that the United Nations Convention on Contracts for the International Sale of Goods (1980) is specifically excluded from application to this Agreement. The parties consent to the personal jurisdiction of the above courts.

15. REMEDIES. You acknowledges that any disclosure, commercialization, or public use of the Software would cause irreparable injury to Intel and consents to the grant of an injunction by any court of competent jurisdiction in the event of a threatened breach.

16. EXPORT REGULATIONS/EXPORT CONTROL. You shall comply with all laws and regulations of the United States and other countries governing the export, re-export, import, transfer, distribution, use and servicing of the Software. You must not (a) sell or transfer the Software to a country subject to sanctions, or to any entity listed on a denial order published by the United States government or any other relevant government; or (b) use, sell or transfer Software for the development, design, manufacture or production of nuclear, missile, chemical or biological weapons, or for any other purpose prohibited by the United States government or other applicable government; without first obtaining all authorizations or the license required by all applicable laws. You also agrees to implement measures to ensure that foreign national employees are authorized to receive any information controlled by U.S. export control laws. An export is "deemed" to take place when information is released to a foreign national wherever located.

17. GOVERNMENT RESTRICTED RIGHTS. The Software and the Development Tools are a commercial item (as defined in 48 C.F.R. 2.101) consisting of commercial computer software and commercial computer software documentation (as those terms are used in 48 C.F.R. 12.212). Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, You will not provide the Software or the Development Tools to the U.S. Government. Contractor or Manufacturer is Intel Corporation, 2200 Mission College Blvd., Santa Clara, CA 95054.

18. ASSIGNMENT. You may not delegate, assign or transfer this Agreement, the license(s) granted or any of Your rights or duties hereunder, expressly, by implication, by operation of law, by way of merger regardless of whether You are the surviving entity) or acquisition, or otherwise and any attempt to do so, without Intel's express prior written consent, will be null and void. Intel may assign this Agreement, and its rights and obligations hereunder, in its sole discretion.

19. ENTIRE AGREEMENT. This Agreement constitutes the entire agreement between You and Intel and supersedes in their entirety any and all oral or written agreements previously existing between You and Intel with respect to licensing of the Software. This Agreement supersedes any "click-to-accept" or shrink-wrapped licenses, in hard-copy or electronic form, embedded in or included with the Software (except Open Source Software Licenses embedded in any Open Source Software portions of the Software). This Agreement may only be amended or supplemented by a writing that refers explicitly to this Agreement and is signed by duly authorized representatives of You and Intel. Without limiting the foregoing, terms and conditions on any purchase orders or similar materials submitted by You to Intel, and any terms contained in Intel's standard acknowledgment form that are in conflict with these terms, will be of no force or effect.

20. SEVERABILITY. If any provision of this Agreement is unenforceable or invalid under any applicable law that will not render this Agreement unenforceable or invalid as a whole, that provision will be changed and interpreted so as to best accomplish its objectives within the limits of applicable law or applicable court decisions.

21. WAIVER. The failure of a Party to require performance by the other Party of any provision hereof will not affect the full right to require such performance at any time thereafter; nor will waiver by a Party of a breach of any provision hereof constitute a waiver of the provision itself.

22. PRIVACY. INTEL OFFERS THE SOFTWARE THROUGH ITS WEBSITES. YOUR PRIVACY RIGHTS ARE SET FORTH IN INTEL'S PRIVACY NOTICE, WHICH FORMS A PART OF THIS AGREEMENT. PLEASE REVIEW THE PRIVACY NOTICE AT [HTTP://WWW.INTEL.COM/PRIVACY](http://www.intel.com/privacy) TO LEARN HOW INTEL COLLECTS, USES AND SHARES INFORMATION ABOUT YOU.

APPENDIX A

INTEL END USER SOFTWARE LICENSE AGREEMENT

IMPORTANT - READ BEFORE COPYING, INSTALLING, OR USING.

THE FOLLOWING NOTICE MUST APPEAR IN THE DOCUMENTATION ASSOCIATED WITH THE INTEL-BASED PRODUCT INTO WHICH THE SOFTWARE IS INSTALLED. MINIMALLY, SUCH NOTICE MUST APPEAR IN THE USER GUIDE FOR THE PRODUCT. THE TERM "LICENSEE" IN THIS TEXT REFERS TO THE END USER OF THE PRODUCT.

IMPORTANT - READ BEFORE COPYING, INSTALLING OR USING.

Do not use or load software from this site or any associated materials until you have carefully read the following terms and conditions. By loading or using the Software, you agree to the terms of this Agreement. If you do not wish to so agree, do not install or use the Software.

LICENSE. Licensee has a license under Intel's copyrights to reproduce Intel's Software only in its unmodified and binary form, (with the accompanying documentation, the "Software") solely for Licensee's personal internal use, and not commercial use, in connection with Intel-based products for which the Software has been provided, subject to the following conditions:

- (a) Licensee may not disclose, distribute, rent, lease or transfer any part of the Software, except as provided in this Agreement, and You agree to prevent unauthorized copying of the Software.
- (b) Licensee may not reverse engineer, decompile, or disassemble the Software.
- (c) Licensee may not sublicense the Software.
- (d) The Software may contain the software and other intellectual property of third party suppliers, some of which may be identified in, and licensed in accordance with, an enclosed license.txt file or other text or file.
- (e) Intel has no obligation to provide any support, technical assistance or updates for the Software.

NO IMPLIED LICENSES OR OTHER RIGHTS. The consideration under this Agreement is only for the licenses that Intel expressly grants to You in the preceding paragraphs. The purchase of this product shall NOT be deemed to grant either directly or indirectly, or by implication, estoppel, or otherwise, any license under the copyrights, patents or patent applications, trademarks or trademark applications, or other intellectual property rights of Intel or any third party software provider, except for the normal, non-exclusive, royalty-free license to use this device that arises by operation of law in the sale of the product. All other rights are expressly reserved. Any other rights including, but not limited to, patent rights, would require an additional license and additional consideration. Nothing in this Agreement requires or will be treated to require Intel to grant any such additional license. Specifically, except for the licenses expressly granted in the preceding paragraphs, Intel grants no licenses or other rights, expressly or by implication, estoppel or otherwise, to:

- (1) make, use, sell, offer for sale, or import modifications of the Software;
- (2) sell or offer to sell the Software;
- (3) combine the Software or modified versions of the Software with other items or to use any such combination; or
- (4) any claims of any patents, patent applications, or other patent rights of Intel.

You acknowledge that there are significant uses of the Software in its original, unmodified and uncombined form. The consideration for the license in this Agreement reflects Intel's continuing right to assert patent claims against any modifications or derivative works (including, without limitation, error corrections and bug fixes) of, or combinations with, the Software that You or third parties make that infringe any Intel patent claim.

OWNERSHIP OF SOFTWARE AND COPYRIGHTS. Title to all copies of the Software remains with Intel or its licensors or suppliers. The Software is copyrighted and protected by the laws of the United States and other countries, and international treaty provisions. Licensee may not remove any copyright notices from the Software. Except as otherwise expressly provided above, Intel grants no express or implied right under Intel patents, copyrights, trademarks, or other intellectual property rights. Transfer of the license terminates Licensee's right to use the Software.

DISCLAIMER OF WARRANTY. The Software is provided "AS IS" without warranty of any kind, EITHER EXPRESS OR IMPLIED, AND INTEL EXPRESSLY DISCLAIMS ANY IMPLIED WARRANTIES INCLUDING, BUT NOT LIMITED TO, THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. INTEL DOES NOT GUARANTEE THE ACCURACY, VALIDITY, TIMELINESS, LEGALITY, SAFETY OR COMPLETENESS OF THE SOFTWARE.

LIMITATION OF LIABILITY. NEITHER INTEL NOR ITS LICENSORS OR SUPPLIERS WILL BE LIABLE FOR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF PROFITS, LOSS OF USE, INTERRUPTION OF BUSINESS, LOSS OF INFORMATION OR INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OF ANY KIND) WHETHER UNDER THIS AGREEMENT OR OTHERWISE, EVEN IF INTEL HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

LICENSE TO USE COMMENTS AND SUGGESTIONS. This Agreement does NOT obligate Licensee to provide Intel with comments or suggestions regarding the Software. However, if Licensee provides Intel with comments or suggestions for the modification, correction, improvement or enhancement of (a) the Software or (b) Intel products or processes that work with the Software, Licensee grants to Intel a non-exclusive, worldwide, perpetual, irrevocable, transferable, royalty-free license, with the right to sublicense, under Licensee's intellectual property rights, to incorporate or otherwise utilize those comments and suggestions.

TERMINATION OF THIS LICENSE. Intel or the sublicensor may terminate this license at any time if Licensee is in breach of any of its terms or conditions. Upon termination, Licensee will immediately destroy or return to Intel all copies of the Software.

THIRD PARTY BENEFICIARY. Intel is an intended beneficiary of the End User License Agreement and has the right to enforce all of its terms.

U.S. GOVERNMENT RESTRICTED RIGHTS. No Government procurement regulation or contract clauses or provision will be considered a part of any transaction between the Parties under this Agreement unless its inclusion is required by statute, or mutually agreed upon in writing by the Parties in

connection with a specific transaction. The technical data and computer software covered by this license is a "Commercial Item," as that term is defined by the FAR 2.101 (48 C.F.R. 2.101) and is "commercial computer software" and "commercial computer software documentation" as specified under FAR 12.212 (48 C.F.R. 12.212) or DFARS 227.7202 (48 C.F.R. 227.7202), as applicable. This commercial computer software and related documentation is provided to end users for use by and on behalf of the U.S. Government, with only those rights as are granted to all other end users under the terms and conditions in this Agreement. Use for or on behalf of the U.S. Government is permitted only if the party acquiring or using this Software is properly authorized by an appropriate U.S. Government official. This use by or for the U.S. Government clause is in lieu of, and supersedes, any other FAR, DFARS, or other provision that addresses Government rights in the computer Software or documentation covered by this license. All copyright licenses granted to the U.S. Government are coextensive with the technical data and computer Software licenses granted in this Agreement. The U.S. Government will only have the right to reproduce, distribute, perform, display, and prepare Derivative Works as needed to implement those rights.

EXPORT LAWS. You acknowledge that the Software and all related technical information or materials are subject to export controls under the laws and regulations of the United States and any other applicable governments. You agree to comply with these laws and regulations governing export, re-export, import, transfer, distribution, and use of the Software, technical information and materials. In particular, but without limitation, the Software, technical information and materials may not be exported or re-exported (a) into any U.S. embargoed countries or (b) to any person or entity listed on a denial order published by the U.S. Government or any other applicable governments. By using the Software, technical information and materials, you represent and warrant that you are not located in any such country or on any such list. You also agree that You will not use the Software, technical information and materials for any purposes prohibited by the U.S. Government or other applicable government's law, including, without limitation, the development, design, manufacture or production of nuclear, missile, chemical or biological weapons. You confirm that the Software, technical information and materials will not be re-exported or sold to a third party who is known or suspected to be involved in activities including, without limitation, the development, design, manufacture, or production of nuclear, missile, chemical or biological weapons. You agree that any Software, technical information or materials subject to control under defense laws and regulations (e.g., the International Traffic in Arms Regulations [ITAR]) must not be transferred to non-U.S. persons, whether located in the U.S. or abroad, without a government license. You will indemnify Intel against any loss related to Your failure to conform to these requirements. **APPLICABLE LAWS.** This Agreement is governed by the laws of the state of Delaware, excluding its principles of conflict of laws and the United Nations Convention on Contracts for the International Sale of Goods (1980). You may not export the Software in violation of applicable export laws and regulations.

Licensee's specific rights may vary from country to country.
