The Freelander 2 is designed and engineered to take whatever life throws at it. With Land Rover DNA at its heart, its eminent capability has been proven without question. A glance at the vehicle's purposeful stance and contemporary looks tell you it's design cues are of the moment. Sleek lines and sporty, sophisticated styling combine to create an exciting profile and silhouette. The Freelander 2's front and rear lamps, front grille and vent finishers, add greatly to the sense of modernity and muscularity. Whether you're chasing the surf, in town or cruising down a motorway, the Freelander 2 is a fully formed SUV in a more compact form.

Tailgate spoiler is an optional feature available at additional cost.

[Build & Price](#)

The Freelander 2 has been tested beyond the limitations of most. It has performed in temperatures ranging from -40°C to $+50^{\circ}\text{C}$. It has been driven at altitudes of up to 14,000 feet. And it benefits from excellent approach and departure angles, coupled with generous ground clearance to tackle the toughest of terrains.

Tailgate spoiler is an optional feature available at additional cost.

If the Freelander 2 was born to perform in all conditions, it was also created to do so on the most challenging terrains. All-terrain technologies featured in the Freelander 2 include Hill Descent Control that takes the strain out of negotiating those difficult slopes and the renowned Terrain Response® which automatically optimises traction and driveability by adapting to the demands of the terrain.

Tailgate spoiler is an optional feature available at additional cost.

The Freelander 2 is equally at home in the city as it is on the most demanding terrains or roads. Its poised, controlled drive is sure and responsive; its fuel consumption and improved CO₂ emissions are exemplary. With a choice of engines, the vehicle has the breadth of capability and performance to match any preferences.

Freelander 2 naturally accommodates five adults with ease. Everyone benefits from generous leg, head and shoulder room. They can all enjoy the view too as the rear passengers sit in Stadium Seating that is 50mm higher than those in the front. Added to which, the loadspace is as generous as it is versatile. The vehicle's Command Driving Position greatly improves the view of the road ahead and provides better visibility of the vehicle's corners. The seats are optimised for comfort and support with a range of adjustments proving invaluable on those longer journeys.

If you want to get closer to the music, you'll love the sound system in the Freelander 2. There are three to choose from including the Meridian™ System with 17 speakers and a thundering 825W of power. This system features a virtual CD player which allows up to ten uncompressed albums to be stored on the hard drive. Naturally, MP3 connectivity comes as standard. A rear view camera is also available which displays images from behind the vehicle on the centre console screen, helping you to park and manoeuvre more easily.

With a raft of sophisticated safety systems, the Freelander 2 has been built to take almost anything life throws at it. Firstly, its strong monocoque body and inner body cell, both of which are protected by crumple zones, are designed to absorb energy on impact.

Then, high-strength steel has been used in the build of the body and dual-phase steel is found in key components such as the front windscreen pillars and lower side sills. Such technologies help to create a first class safety cell providing remarkable protection.

SPECIFICATION

Another level of individuality. The Freelander 2 allows you to personalise your vehicle however you wish. The following pages take you through a logical series of steps to make it a true expression of your individuality. You have several choices: from selecting your engine and model to exterior and interior colours, wheels, facia inserts and those detailed touches that define your style.

If you'd like more information or to try our online configurator, go to landrover.co.uk

Step 1

Choose your engine

You can select from a powerful range of petrol or diesel engines.

Step 2

Choose your model

Compare the standard features on each model.

Step 3

Choose your colour

There's a wide range on offer to enable you to express yourself.

Step 4

Choose your wheels

There's a range of styles, each one designed to complement the bold exterior.

KEY FEATURES

[Build & Price](#)

[Print](#)
[Save](#)
[Exit](#)

KEY FEATURES

Loadspace

The versatile rear loadspace can be expanded by folding the 60:40 split rear seats to provide a flat load floor, and up to 1,670 litres of space. With one metre between the wheel arches there's always room for more awkward loads.

Climate Control

As well as the standard air-conditioning system, optional dual-zone climate control, with pollen filter, humidity sensor and air quality control system, can be specified maintaining fresh air in the cabin, keeping you and your passengers comfortable whatever the weather.

Steering Wheel Controls

Steering wheel mounted controls at your fingertips for ultimate ease of use. Depending on the model, the intuitive technologies available cover cruise control, the audio system, Say-What-You-See (SWYS) Voice Activation and hands-free telephone operation. Freelander 2 has Bluetooth® connectivity enabled. You'll be able to make and take telephone calls via the vehicle's audio system (subject to telephone compatibility). Say-What-You-See (SWYS) Voice Activation is a useful technology which helps the driver to use and interact more easily with the Freelander 2 by displaying voice commands on the seven-inch colour Touch-screen.

Centre Console Storage

The rear of the centre console features an additional storage box for small items, an audio socket for MP3 players and a power socket, which can be used to recharge PCs and other low-wattage electrical equipment.

Trim Materials

Elegant, high quality materials are used throughout the cabin. Choose from facings in Grained leather or premium Windsor leather with colour co-ordinated door casing inserts. The front seats provide excellent support and have the option of electric control and seat memory.

Convenience features

Life with the Freelander 2 is so practical thanks to thoughtful technology. Available features include an electrochromatic rear view mirror for automatically minimising the dazzle of headlamps at night. There are rain sensing wipers and twin map lights conveniently located in the roof console above the rear view mirror.

The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Land Rover is under licence.

KEY FEATURES

Electric Sunroof

The optional electric sunroof – with a fixed rear section and electric tilting/sliding front section – adds to the feeling of lightness and airiness within the cabin. The glass is specially formulated to filter the sun's infrared rays, providing light without unpleasant heat. Both sections also include a convenient blind.

Terrain Response®

Land Rover's renowned Terrain Response system adds to the Freelander 2's breadth of capability. Any of the four programmes – General Driving, Grass/Gravel/Snow, Mud and Ruts or Sand – can be easily selected. In addition all vehicles with Terrain Response are also fitted with Hill Descent Control and Land Rover's Gradient Release Control systems.

Stop/Start System

The intelligent Stop/Start system, fitted to all TD4 diesel manual models, improves fuel efficiency and reduces tailpipe emissions to zero by shutting down the engine, in appropriate conditions, when the vehicle comes to a stop. The system is able to operate at temperatures as low as 0°C.

Satellite Navigation

The optional satellite navigation system, with a seven-inch colour Touch-screen, easy-to-use menu and extensive point-of-interest database, makes finding your destination as simple as possible.

Rear View Camera

The rear view camera helps reversing by displaying a wide-angled rearward view from the vehicle on the centre console screen. To aid manoeuvrability, lines representing the vehicle's predicted path are superimposed on the image. Includes Trailer Hitch Assist which overlays the predicted path of the tow ball, facilitating easy coupling of trailers.

In-Car Entertainment

An outstanding choice of in-car entertainment systems: Meridian™ is the ultimate audio specialist and creates sound just as the artist intended by benchmarking acoustic performance against real musical instruments. The Meridian Surround Sound System provides a perfect stereo image for each occupant and produces a natural, enveloping concert-like experience.

To increase your choice of listening DAB radio is available as standard.

KEY FEATURES

Safety

High-strength steel is used to construct a strong monocoque body and inner safety cell protected by front and rear energy absorbent crumple zones. Seven airbags are fitted as standard on all vehicles. There are separate driver and front passenger airbags for head and chest protection as well as side airbags for side impact protection. Full-length curtain airbags are designed to provide head impact and rollover ejection protection for all occupants. The Freeland 2 also features a driver's inflatable knee airbag for additional lower body protection.

Stability Control Systems

The Freeland 2 comes with a host of stability control systems as standard, designed to enhance traction by reducing engine torque and applying a unique braking force to each individual wheel where driving conditions dictate. They include: Anti-lock Braking System (ABS), Electronic Brake-force Distribution (EBD), Emergency Brake Assist (EBA), Cornering Brake Control (CBC), Electronic Traction Control (ETC), Dynamic Stability Control (DSC) Trailer Stability Assist (TSA) and Roll Stability Control (RSC).

Headlamps

Two types of headlamp are available: Halogen headlamps with a signature LED light design; Automatic Xenon headlamps with automatic headlamp levelling and a signature LED light design.

Passive Start and Start/Stop Button

The convenient Passive Start system automatically detects the close proximity of the key, allowing use of the Start/Stop button without the key being docked in the vehicle. The remote control includes the following functions: locking and unlocking of the doors and tailgate, a 30 second courtesy headlamp delay and activation of alarm.

CommandShift®

The six-speed automatic transmission with CommandShift® is standard on SD4 diesel models. CommandShift® provides manual sequential gear changes and Sport mode for an even livelier performance.

Performance with Efficiency

The 2.2 litre turbo diesel engines, available in power outputs of 150hp and 190hp, come with common rail diesel technology which aids fuel economy and refinement and a variable nozzle turbocharger helping to deliver exceptional torque.

TOURING

The Freelander is a joy to drive wherever your travels take you. Fit this collection of accessories to tow heavy loads, keep the interior tidy and access your vehicle easily.

Fixed Side Steps
LR002773

These robust side steps help with getting in and out of the vehicle, especially when the vehicle is parked on uneven terrain.

Luggage Net
LR003852

Secured to rear of second row seating.

iPad® Holder
VPLVS0165

Fits from iPad® 2 onwards.

iPad® 1 Holder
VPLVS0164

Seat Back Stowage
Standard – VPLVS0181
Premium – VPLVS0182

*Required for vehicles fitted with Trailer Assist option.
iPad® is a registered trademark of Apple Inc., registered in the US and other countries.

Quick Release Tow Bar*
VPLFT0119

13PIN Towing Electrics
VPLFT0106

Lockable for security. Easily removed. Trailer load capacity 2,000kg. Trailer nose load 150kg. Not compatible with Sports Styling Pack.

SPORTING

Whatever your sport, this collection of invaluable accessories upgrades your Freelander to the ideal sports vehicle, allowing you to stow your kit or a bike on the roof and protect the interior from scuffs.

Ski/Snowboard Holder*
LR006849

Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Lockable for security. Maximum payload 36kg.[†]

Raised Roof Rails and Cross Brace Kit*
Panoramic Sunroof vehicles – LR007220
Non Panoramic Sunroof vehicles – LR006608
Maximum payload 75kg.[†] Vehicle height when fitted 1,830mm.
Crossbars not included.

Cross Bars* – LR002417

Easily removed when not in use. Vehicle height when fitted 1,852mm.
Maximum payload 71.8kg.[†] Vehicle must have accessory Raised Roof Rails and Cross Brace Kit fitted. Shown above, sold separately.

Aqua Sports Carrier*
VPLGR0107

Tilts to facilitate easy loading and unloading. Carries one surfboard, kiteboard or sailboard and mast, or one canoe or kayak. Load capacity 45kg.^{**}

Roof Mounted Bike Carrier
VPLFR0091

Lockable bike carrier designed for holding a single bike. Raised Roof Rails and Cross Bar Kit will accommodate up to three bike carriers.* Load capacity 20kg.^{**}

Flexible Loadspace Protector
VPLF50244

Heavy duty fabric protects loadspace up to window height.
Covers loadspace floor with second row seats folded.

*Roof Rails and Crossbars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

**Load capacity is minus roof mounted accessory weight. [†]Maximum payload equals the load capacity of the roof mounted accessory.

IMPORTANT NOTICE: Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Dealership within one month or 1,600 kilometres/1,000 miles (whichever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Dealership who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Dealership. Distributors and dealerships are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.
