

RANGE ROVER
COUNTY SE
— 1991 —

The Range Rover County SE is an exceptional creation. Its classic elegance, a reflection of true craftsmanship. Its combination of luxury and four-wheel drive capability makes it the standard by which all others are judged.

The County SE features luxury appointments carefully selected to address the needs of its owner while further raising the level of sophistication in a sport utility vehicle.

Available exclusively in a Beluga Black finish, the County SE is as distinctive as it is performance-driven — with unsurpassed engineering inherited from its ancestor, the legendary Land Rover.

The Range Rover County SE is powered by a 178 bhp 3.9 litre V-8 engine for superb performance on or off-road. Coupled with a four-speed automatic transmission and two-speed transfer gearbox, the permanent four-wheel drive Range Rover is as perfectly suited for cross-town traffic as for cross-country expeditions.

A highly sophisticated suspension system with front and rear coil

springs, a self-energizing ride levelling device, and front and rear anti-sway bars offer supple on-road performance with uncompromised off-road ability. In addition, this unique suspension system is augmented by four-wheel, four-channel anti-lock disc brakes, 16-inch cast alloy wheels and power assisted steering.

A vehicle of immense practicality, the Range Rover is capable of carrying five adults in comfort, accommodating up to

70 cubic feet of luggage and towing up to 7,700 lbs. A wealth of luxurious yet practical features includes power adjustable Connolly leather seats, puddle lamps, heated door locks, heated front windshield and washer jets, cruise control, power headlight washers, power windows, removable carpeting and rear door child locks.

Given the additional luxury appointments of the County SE, this limited production model will immediately be prized for its subtle elegance and lasting quality — a vehicle to be driven and enjoyed by a select few.

The unsurpassed beauty of the County SE is reflected in a lustrous Beluga Black finish, distinguishing the vehicle as an exclusive limited availability model. The distinctive lustre is further enhanced and protected by a clear coat finish.

The County SE interior envelopes its owner with luxurious Connolly leather, known for its rich, supple character. The Sorrell brown leather seating provides both comfort and style as well as a perfect complement to the vehicle's lustrous Beluga Black finish. Front seats feature full 8-way power controls and adjustable arm-rests for optimum driver and passenger comfort.

Quality and style are found in every detail of the County SE. Polished burl walnut elegantly trims doors, fascia and center console — yet another exquisite feature of an already exceptional vehicle.

To satisfy the demands of the most discriminating audiophile, a/d/s/® engineers were commissioned to design a sound system exclusive to the County SE. The heart of their design is the speaker arrangement which features eight speakers strategically positioned for maximum sound quality plus an acoustically engineered subwoofer. A separate console-mounted subwoofer control allows occupants to adjust bass acoustics to their personal satisfaction. The system includes a 150 watt power amp and Dolby cassette deck. With a matched six-disc CD changer, the system affords hours of uninterrupted audio enjoyment.

Yet with all its luxury appointments, the County SE is no stranger to hazards on or off-road. That is why Range Rover equipped this special vehicle with a wraparound brushbar with removable lampguards. Its unique design provides additional protection to the grille, radiator, headlamps and sidelamps.

The County SE is indeed a vehicle built for the senses — and the seasons. Occupants can experience nature year round through the tinted glass power sunroof. Designed for quiet operation and interior comfort, the County SE sunroof features both slide and tilt operation and a privacy screen.

Visually complementing the vehicle's exterior are silver five-spoke wheels with black accents. As functional as they are aesthetically pleasing, the wheels serve to enhance the classic body styling of the County SE.

The County SE is available for the select few whose distinct sense of elegance is matched by their demand for the unsurpassed engineering and performance of the world's finest four-wheel drive vehicle.

ENGINE AND TRANSMISSION

V8 cast aluminum construction with five main bearing crankshaft and self-adjusting hydraulic tappets. Multipoint Electronic Fuel Injection.

Displacement	3.9 litres
Max. Power (SAE NET) (DIN NET)	178 bhp at 4750 rpm 133 kW at 4750 rpm
Max. Torque	220 lb.ft. at 3250 rpm 298 Nm at 3250 rpm
Bore: 3.7 in. 94 mm	Stroke: 2.8 in. 71mm
Compression Ratio:	8.13:1

Four-speed automatic transmission. Epicyclic gearbox with fluid torque converter and fourth gear lock up. Permanent four-wheel drive with two-speed reduction on gearbox output incorporating center differential and viscous coupling unit (VCU).

High Ratio: 1.206:1

Low Ratio: 3.244:1

STEERING AND BRAKES

Power-assisted steering with damper.

Turns lock-to-lock: 3.375.

Four-Channel Anti-Lock braking (ABS). Self adjusting, power-assisted disc brakes on all four wheels. Ventilated front discs. Parking brake operates on the transfer gearbox output shaft.

SUSPENSION SYSTEM

Beam axles front and rear, incorporating spiral bevel type differentials with fully floating axle shafts. Front axle features fully enclosed constant velocity joints. Long travel coil springs front and rear. Axle location by radius arms with panhard rod at front, trailing links and central "A" frame at rear. Long-stroke hydraulic telescopic shock absorbers.

Anti-sway bars front and rear.

A ride levelling device is incorporated to assist in maintaining normal vehicle attitude when loaded.

CONSTRUCTION AND TOWING

Electrophoretically treated, 14 gauge steel welded box section "Ladder" design chassis. Integral Class III towing hitch receiver. All purpose radial tires (205 x R16) on cast aluminum alloy 7in. x 16in. 5 stud wheels.

APPOINTMENTS

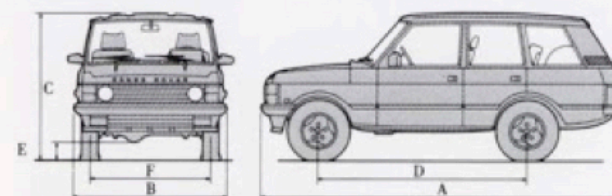

Cruise control. Air conditioning. Power operated tinted windows. Central door locking (includes tailgate) and child locks on rear doors. Remote fuel filler cover release. Heated door locks. Electrically adjustable, heated outside mirrors, heated front windshield, heated front windshield washer jets, powerwash to front headlamps. Comprehensive windshield washer/wiper system. Heated rear window with washer/wiper. Puddle lamps under front doors. Removable carpeting over floor mats. Removable rear load space cover. Eight-way adjustable power front seats with armrests. Folding 60/40 split rear seat with center and side armrests. AM/FM stereo CD and cassette audio system including subwoofer, amplifier and eight speakers, electronic tuning, theft deterrent and rear window antenna. Polished burl walnut on instrument panel, center console and door panels. Connolly leather upholstery with additional leather trim details. Automatic dimming day/night interior mirror.

WARRANTY

3-year/42,000 Mile (3-year/70,000 km in Canada) Limited Warranty on the vehicle and 6-year/ Unlimited Mileage Corrosion Perforation Limited Warranty is provided. Owners are also covered by the Range Rover Road Recovery program.

RESPECT FOR NATURE

With the freedom afforded by four-wheel drive comes the responsibility to protect the environment. Keep four-wheeling a positive, safe recreational pursuit. Range Rover fully supports the U.S. Forest Service's **Tread Lightly!** program. **Buckle up for security.**
