

MathSoft

Welcome

to the

Essential MathSoft Catalog

Here you will find access and information on our wide range of technical calculation and knowledge discovery software. Engineers, technical professionals, scientists, educators and students will find these powerful tools essential to their desktop. Everything from new *Mathcad® 7*, the worldwide leader in technical calculation software to *StudyWorks™ for Math* and *StudyWorks for Science*, the complete math and science tools for high school and college students. There's also *Axum®*, technical graphics and data analysis software for scientists and technical professionals and the full line of *MathSoft Electronic Books and Function Packs* are described in detail with examples. Instant access to the Web makes ordering fast and easy.
